LETTER OF RECOMMENDATION: MISS SHANE LEE TRAINETASIA

Miss Shane Lee has conducted a two days sales program-Advance Selling Skills Program on the 3rd till 4th November 2014 for our organization.

We find the delivery of the sales training to be conducted with tremendous energy and enthusiasm. Shane has been able to provide excellent examples and infused the training with experiential activities and role-plays.

Her experience in selling and understanding of our product's strengths enable her to effectively conduct debrief sessions after each activities. The sales team members who attended the program were motivated and now understand what it takes to conduct a professional consultative selling method.

We therefore would like to highly recommend Shane as your training partner and believe she will serve you well.

Yours faithfully,

EISAI (SINGAPORE) PTE LTD
